OregaWell™

Immune support for children*

Oreganol P73 with wild, high-mountain cumin, sage, ginger & cinnamon

Utilizing the oregano P73 formula for children, OregaWell is a wonderful source of natural phenols, minerals, and vital nutrients. It is made with only the finest wild certified organic oregano, plus cumin, sage, and ginger oils. Beneficial antioxidants are plentiful in this formula. These softgels are specifically designed for children because they are easy-to-swallow and small, making them convenient and easy for children to take. The contents of OregaWell may also be mixed with food, applesauce, and juices, meaning this special immune and respiratory supporting formula can be enjoyed by children of all ages. This special combination of spices can closely be compared to our OregaResp 60ct softgel formula for adults. Now, children can enjoy the same results for immune and lung support that adults have been benefitting from for years. Keep your child healthy and joyful with the spice oil powers of OregaWell.

Kids Need Care – Kids need powerful sources of nutrition. That's how they can have perfect health. They also need spiritual guidance and love. It's all here in *Kids Need Care*, a breakthrough nutritional book for a healthy family, by Judy K. Gray, M.S., a noted nutritionist and the CEO and founder of North American Herb & Spice.

- #1 immune/respiratory combination product for children
- Based on the popular OregaResp formula for adults
- Only wild oregano and mountain grown spices used
- Gentle, small softgels that are easier for kids to swallow
- No preservatives, No fillers, ever
- High antioxidant value to support a healthy recovery
- Digestion support included
